Insights for Driving Success

In last month's *Insights for Driving Success*, we explored the financial impact of the growing demand for addiction care facilities. However, that's just one area of healthcare facing numerous challenges. This month, we are featuring a broader view of the sector in a podcast with Partner Keith Daniels and Managing Director Jonathan Killion.

Understanding the Changing Healthcare Environment

[Listen to the Podcast >](#)

Keith and Jonathan discuss a range of issues, from emerging trends to the fallout of higher debt levels, and adjustments to EBITDA. They also touch on regulatory changes, staffing concerns, and why middle-market healthcare companies may feel the biggest impact when it comes to these changes
